

**SOCIETY OF MOTION PICTURE AND TELEVISION ENGINEERS
DETROIT SECTION MEETING NOTICE
MARCH 2018**

Date: Tuesday, March 13, 2018
Time: 7:30 PM
Location: The Art Institute of Michigan, 28175 Cabot Dr., Novi (north of 12 Mile between Haggerty and M-5)
Subject: Things I Wish I Had Known (Or Would Like To)

Would you like a knowledge boost early in your career? Are there things you wish you had known earlier?

Our March meeting is of interest to video professionals early in their career, students contemplating a career in electronic media, or for veterans who still want to see what others are doing. A series of short presentations by seasoned media professionals will share some of the knowledge they've acquired over the years, followed by a lively discussion, questions and answers. Part of the discussion will include where the industry is now and a look at where it will be in the future.

Scheduled to appear:

- **Paul Pytlowany**, Senior Videographer, CBS Television Stations WWJ-TV and WKBD-TV. Paul has worked in television production for thirty years, covering news, shooting feature-length programs and producing creative works. He has earned numerous Emmy awards for his work.
- **Elie Mosseri**, independent video editor. In his career spanning several decades, Elie has worked in film and television production, editing a variety of projects and programs. Working for companies including Allied Film and Video, Ford, Kmart Corp. and WKBD-TV, Elie has worked with the best and brightest in the television and industrial production community
- additional presenter **TBA**
- **Raymond Previ**, retired media instructor, television engineer at WXYZ-TV, WJBK-TV as Master Control TD and sports editor and as Technical Director at Ford Motor Company, will discuss what newcomers need to know in order to succeed and fit in with professionals in the media industry.

Whether you are a student seeking to enter the exciting world of tele-production, or a seasoned veteran with a story to share, you'll find this month's program an interesting and informative evening. We would like this will be the first of more such expert workshops.
